

2012 USC Provost-Senate Retreat

Healthcare and Biomedical Science Panel

Peter Conti – Moderator

Yves DeClerk – NIH funding – a reality check

Yang Chai – Team science – how fostered and evaluated

Alex Judkins – Personalized medicine – what is it - where is it going
– can we afford it

Judy Garner – The faculty profile – the right faculty to meet the
challenges of the future

Laurie Deleve – Basic science on a health sciences campus

Alex Capron – Are we truly an Academic Medical Center?
